Use to clean and prepare old or new concrete block, brick, poured concrete, stucco, stone & tile prior to painting.

- **Etches & cleans masonry walls**
- **Removes salt-like deposits**
- **Safer than Muriatic Acid**

Description:

Crystals, when added to clean water, prepares and etches concrete, masonry, brick, stone, stucco and tile walls prior to painting. Removes efflorescence (alkaline, salt-like deposits), mortar stains & form-oil residue. Not for use on horizontal surfaces since may cause staining.

Surface Preparation:

Remove dirt, dust, grease & oil from surface by washing with household detergent using stiff brush. Rinse thoroughly.

Application Guidelines:

Wear rubber gloves, goggles & protective clothing. Keep product off plants/shrubs.

Mixing:

Using clean, warm water in clean container, add Damtite Concrete Cleaner crystals & stir. Add 12 ounce (340 grams) bottle to ½ gallon (1.9 liters) of water to etch, or 1 gallon (3.78 liters) of water to remove efflorescence & clean mortar.

Application:

Scrub into surface with stiff or wire brush. Rinse thoroughly with clean water after 20-30 minutes.

Coverage:

12 oz bottle covers up to 300 sq. ft (27.9 m²) when using maximum water; 150 sq ft (13.9 m²) when using half the water.

30 oz bottle covers up to 750 sq. ft (70 m²) when using maximum water; 375 sq ft (35 m²) when using half the water.

Cleanup:

Immediately after use, dilute unused portion with more water and dispose according to local, state & federal requirements. Wash gloves, hands, tools & mixing container with soap & clean water.

Store in a Dry Place with Safety Cap Secured

Coverage: 12 oz will cover approximately 300 sq ft when mixed with 1 gallon water; 150 sq ft with 1/2 gallon water.

Size	Stock No.	Pack
12 oz.	09712	12
30 oz	09730	6

CAUTION:

KEEP OUT OF REACH OF CHILDREN.

Toxic! Irritant!

Contains Sulfamic Acid. May cause burns. Avoid contact with eyes, skin, clothing. In case of eye or skin contact, flush with water for 15 minutes. Get medical attention for eye contact. **DO NOT TAKE INTERNALLY.** If swallowed, drink 1-2 glasses of water. Call doctor or poison center immediately. Cautions are for both dry powder and solutions. Kills shrubs and plants.
